

**ONLINE COMMUNITY SERVICE ELECTIVE**  
**Course Director:** Martha A. Medrano, MD, MPH  
April, 2007

The Community Service Learning Elective consists of activities that will provide the student the opportunity to participate in service to the community and reflect on these experiences as part of the learning process.

**Elective Activities:**

1. **Service Learning Quiz:** Students will complete a service learning quiz to test their knowledge of service learning. Students will complete this quiz at the end of this course.
2. **Learning Modules:** Students will have the opportunity to review 4 learning modules with information relevant to community service learning.
3. **Discussion Board:** Students participants will participate in a on line discussion about community service learning, answering 4 questions related to module materials and self reflection of experiences while participating in community service.
4. **Personal Web page:** Students will have the opportunity to create their personal Web page that reflects their thoughts and experience about their community service experience.

**Elective Modules:**

- Module I:** Service Learning: What is it?
- Module II:** The History of Service Learning
- Module III:** Student Testimonials about Service Learning
- Module IV:** Health Literacy

**Elements Developed:**

1. Develop an understanding of Community Service Learning, what it is and is not
2. Review the history of Service Learning
3. Hear and share your experience in service learning
4. Developing an understanding of Health Literacy and how students can use simple strategies to address during their service learning experience

**Resources:**

*Creating Community Responsive Physicians: Concepts and Models for Service-Learning in Medical Education*

**Method of Evaluation:** Active participation in all on line activities:

1. Completing Service Learning Quiz
2. Completing all modules
3. Entry into discussion board for all discussion board questions
4. Posting personal Web page
