

FEE Schedule/Work Order

_____ Date Received _____

GENOMICS SHARED RESOURCE CORE WORK ORDER

Investigator(s): _____ Fund source: NIH__ACS__ Other__

Institution/Dept: _____

Study: _____

Project ID# _____

Project Description: _____

	Price	Quantity	Extension
<u>Sample Banking Services</u>			
Immortalization of human lymphocytes	\$200	_____	_____
Expansion of existing lymphoblastoid cell lines	\$50	_____	_____
DNA aliquot of existing samples	\$13	_____	_____
Isolation of buffy coats and freezing	\$45	_____	_____
Storage of cryopreserved specimens	Inquire for price		

Genomics Services

GoldenGate custom multiplex SNP genotyping for any species (BeadXpress)

Number of SNPs	Number of DNA samples	Price
48-plex	480	\$ 7,520.00
	960	\$12,899.40
	1,440	\$15,867.20
96-plex	480	\$ 8,565.40
	960	\$14,663.60
	1,440	\$18,733.60
144-plex	480	\$11,099.40
	960	\$18,951.20
	1,440	\$24,214.00
192-plex	480	\$14,141.20
	960	\$24,104.00
	1,440	\$30,598.20
384-plex	480	\$22,251.00
	960	\$35,952.20
	1,440	\$35,461.00

GoldenGate custom multiplex SNP genotyping - 384, 768 and 1,536-plex (IScan)

Inquire for price

Infinium custom multiplex SNP genotyping - 3,072-plex (IScan)

Inquire for price

Illumina BeadChips- whole genome genotyping and linkage panels (IScan)

Inquire for price

Quantitative Real-time PCR
