STAFF ADVISORY COUNCIL

Overview

The objective of the UT Staff Advisory Council (SAC) is to promote a positive and collaborative group of representatives who are committed to addressing the needs of the Health Science Center's Administrative and Professional and Classified employees. The current council has eight work units made up of twenty-two (22) individuals who represent non-faculty employees from all areas of the Health Science Center campuses.

The goals of the Staff Advisory Council (SAC) are:

- To serve as a representative advisory council for all non-faculty employees (staff).
- To provide a vehicle for communication of interest, concerns, and issues that affect staff at all Health Science Center campuses, including the South Texas campuses.
- To present recommendations to the Health Science Center President.

Staff employees can send inquires, comments or suggestions to the Staff Advisory Council e-mail address, SAC@uthscsa.edu.
