Policy 10.1.1	Overview of Policies	Responsibility:	Chief Legal Office

OVERVIEW OF POLICIES

Overview

Faculty and staff at the Health Science Center are expected to conduct all of their work and professional activities, both internal to the institution and externally, with the utmost ethical integrity and in compliance with all applicable laws, regulations, and policies.

The purpose of this section of the *Handbook of Operating Procedures* (HOP) is to consolidate the policies of the Health Science Center with respect to expectations of ethics, standards of conduct, and relationships with external entities. This section of the HOP will provide easy reference and access to the campus community, and will assure consistency across the myriad of policies in these areas.
