

HEALTH SCIENCE CENTER HANDBOOK OF OPERATING PROCEDURES

Chapter 5	Information Management & Services	Effective:	June 2000
Section 5.2	Systems and Network Operations	Revised:	
Policy 5.2.1	Mission	Responsibility:	Vice President and Chief Information Officer

MISSION

Mission

The mission of Systems and Network Operations (SNO) is to provide leadership in the use of communications technologies; to deliver a full array of communications services; and, to establish and maintain a voice, video and computer network that provides cost effective and reliable service for the faculty, staff and students.
