MANAGEMENT INFORMATION

Responsibility

The Office of Financial Operations (OFO) is responsible for reporting to the Vice President and Chief Information Officer (VP/CIO) the state of the fiscal and administrative operations of the Information Management and Services (IMS). This includes the verification of financial data, standardization and evaluation of procedures and internal controls, and the documentation of fiscal methodologies. Written reports of findings, recommendations, opinions, and conclusions are reported to the VP/CIO. The written reports are intended to provide documentation and constructive critique of operations for the VP/CIO's consideration.
