

**HEALTH SCIENCE CENTER HANDBOOK OF OPERATING PROCEDURES**

Chapter 8	Health and Safety	Effective:	June 2000
Section 8.2	Alcohol, Drug and Chemical Matters	Revised:	August 2001
<b>Policy 8.2.4</b>	<b>Smoking Policy</b>	Responsibility:	Executive Vice President for Facility Planning and Operations

## **SMOKING POLICY**

---

### **Policy**

One mission of the Health Science Center is to promote public health. For this reason, all campus buildings and grounds of the University are smoke-free; smoking is not permitted outside buildings or anywhere inside buildings including private offices. No tobacco products will be sold on the campus either by the Health Science Center or outside vendors. By the nature of business of the Health Science Center, it is the responsibility of each individual employee to ensure that a healthy environment is provided by example and deed. Employee cooperation and support of this policy is essential to its success.
