DEFENSIVE DRIVING

Program

Defensive driving programs for operators of University vehicles and for insurance purposes only are presented to faculty, staff, and students upon request. In even numbered months a class will be scheduled when there is an enrollment of ten (10) attendees. In odd numbered months a class will be scheduled during normal working hours for employees whose job assignment requires them to drive a University vehicle. A nominal fee is charged for the course. Traffic ticket abatement is not offered through the defensive driving programs presented at the Health Science Center.
