CHILDREN ON CAMPUS

Policy

In order to (1) prevent injury to a child; (2) minimize the liability of injury to employees' children who are brought into the workplace; (3) maximize the productivity of all University personnel; and, (4) protect University property, the practice of bringing children into the workplace on a continuous and/or regular basis is prohibited. This is not intended to prohibit a parent or legal guardian from bringing a dependent child to campus occasionally for a short-term visit. For the purposes of this policy, a child is considered to be a person under the age of 18.
