

Timely Warning 18-03

June 25, 2018

Theft

This warning is provided to inform and to educate the campus community of reported crimes that have happened on or near our campus and also to comply with the federal requirements of the Clery Act.

Due to the nature of this type of crime, I wanted to make our community aware that on Friday June 15th U.T. Police investigated two reports of theft from both the Dental and Medical buildings on Long Campus. The Thefts occurred that day between 10:00am and 3:00 pm. Since the initial report, UTPD Detectives have conducted follow-up investigations and found the person suspected of these crimes in the hallways of the buildings (pictures below). This individual has also recently been reported as a suspicious person at the Audie Murphy and University Hospitals.

Personal Safety Tips:

Be aware of your surroundings.

All students, faculty and staff should have their U.T. Health I.D. visible at all times.

Always lock your vehicle after entering or exiting your vehicle.

If practical immediately write down or memorize the description of the suspect and any other important information, such as; Hair color and style of hair, color of complexion, height, weight, and clothing description.

Never hesitate to contact the police department immediately by dialing 911, 210-567-2800, or 567-8911.

If you see something suspicious, remember that we are always available to our campus community 24 hours a day.

You are also encouraged to contact the Health Science Center Police Department and request an escort (Safety Walk) to your vehicle 24 hours a day.

Michael Parks

Chief of Police
