

UTHSCSA Graduate Medical Education Policies

Section 1	Administration and Organization	Effective:	April 2008
		Revised:	May 2017, March 2021
Policy 1.5	Continuity of GME Oversight	Responsibility:	Vice Dean for Graduate Medical Education
Continuity of GME Oversight			
Purpose	The ACGME requires that there be procedures to ensure the continuity of GME oversight in the absence of the DIO.		
Policy	In the event that the DIO is not available to provide oversight, represent the GME programs, sign documentation (specifically, program information forms and any documents or correspondence submitted to the ACGME by program directors), or other functions, the role will be filled by the Associate Dean for Graduate Medical Education. In the absence of the Associate Dean for Graduate Medical Education, the Chair of the GMEC (if different) or a designated Assistant Dean of GME may fill the role.
