San Antonio

# DON'T FORGET YOUR MASK!

Thank you for everything you're doing  
to keep our community healthy!

UT Health  
San Antonio

# YOUR HEALTH IS OUR TOP PRIORITY.

Thank you for following these safety precautions

1.

Complete your COVID-19 screening immediately upon entry and wear your sticker while inside the building.

2.

No additional visitors are allowed unless they were pre-approved to accompany you today.

3.

Wear your mask the entire time you are here unless a provider requests you remove it during your exam.

4.

Maintain a safe social distance at all times.

5.

Remain behind our glass safety shields during check-in and check-out.

6.

Practice good hand hygiene and use our hand-sanitation stations regularly.

UT Health  
San Antonio

# USE OTHER ENTRANCE

This door is temporarily closed to ensure everyone receives COVID-19 screening.

Thank you for everything you're doing to keep our community healthy!

**Welcome, thank you for remaining on this side of the glass.**

**It helps keep us all healthy.**

Let us know if we should speak louder.

# WHAT TO EXPECT WHEN YOU RETURN TO CAMPUS

## SAFETY PRACTICES TO PROTECT ALL OF US FROM THE SPREAD OF COVID-19

### SCREENING

- » You will be **screened daily** at limited entry points across campus.
- » **Temperature** will be taken and you'll be asked brief questions about symptoms/risks.
- » Daily screening **verification** in the form of a dated sticker must be placed on badge for re-entry onto campus.
- » You are expected to wear a **mask on campus**, inclusive of at screening points and when entering the buildings. Building entry requires a mask.
- » Note the designated markings at 6 feet; only **proceed forward** once the person ahead moves forward.

### MASKS

- » Masks must be **worn** at all times on campus.
- » Cloth masks effectively **prevent spray** and are available for employees. Managers can email [CVPPE@uthscsa.edu](mailto:CVPPE@uthscsa.edu) to receive tracked allotment.
- » Clinical and patient-facing staff will receive appropriate masks for **maximum safety** precaution. 
- » You will be responsible for cleaning and maintaining the **institutionally-provided** cloth mask. No replacement mask will be provided if the cloth mask is lost or destroyed.

### CLEAN & DISINFECT

- » Doors, elevators, restrooms and other high-touch public spaces are **disinfected** multiple times daily.
- » Hand **sanitizer machines** are located near entry points to the campus.
- » **Cleaning kits** are available for supplemental cleaning in departments.

### SOCIAL DISTANCE

- » Maintain a **safe distance** (6 feet) between you and your colleague. Passing or standing near colleagues within 6' of each other, when masked, has little risk of infection.
- » Use helpful technology like **Microsoft Teams** for meetings and conversations. 
- » Limit **elevator** passengers to 3 or less.

### BE HEALTHY, BE CLEAN

- » Soap is very effective. **Wash hands** often.
- » Employee Health & Wellness available for health needs and testing: **210-450-8000**.
- » A significant number of resources are available for you. Visit the COVID 19 site [UTHealthSA.com/coronavirus](https://UTHealthSA.com/coronavirus) to find the complete list.

### IMPORTANT CONTACTS

- » Nurse Triage HOTLINE: **210-450-8000**
- » Environmental Health & Safety: **210-567-2955**

# Practice Social Distancing to Prevent the Spread of COVID-19

## SIX FEET APART

Please limit capacity in this room to maintain spacing of six-feet apart

## WEAR MASKS

Masks must be worn at all times except when eating

UT Health  
San Antonio

## By coming to UT Health San Antonio today you agree that you:

1. Currently have no COVID-19 symptoms (fever of 100 degrees Fahrenheit or higher, shortness of breath, cough, chills, muscle pain, sore throat, loss of smell/taste)
2. Have not had prolonged contact (more than a few minutes) with a person with active COVID-19 infection while you were not wearing appropriate Personal Protective Equipment (mask, gown, gloves, eye protection)
3. Have not traveled to areas with high risk of contracting COVID-19 within the last 7 days

---

## What to do if you answer yes to any of the above or you have a temperature over 100 degrees Fahrenheit:

**PATIENT:** Notify the appropriate clinic, inform them you have an elevated temperature or have answered yes to any of the above, and reschedule your appointment.

**STUDENT:** Notify your Faculty or Program Director, and then call the UT Health San Antonio COVID-19 Hotline at 210-450-8000 for instructions on next steps.

**EMPLOYEE:** Call the UT Health San Antonio COVID-19 Hotline at 210-450-8000 for instructions on next steps.

**VISITOR:** Notify the person you were to visit on campus, inform them you have an elevated temperature or have answered yes to any of the above, and reschedule your appointment. Follow up with your primary care provider.

## Al venir a UT Health San Antonio hoy, usted acepta que:

1. Actualmente no tiene síntomas de COVID-19 (fiebre de 100 grados Fahrenheit o más, dificultad para respirar, tos, escalofríos, dolor muscular, dolor de garganta, pérdida de olfato/gusto)
2. No ha tenido contacto prolongado (más de unos pocos minutos) con una persona actualmente infectada con COVID-19 mientras no usaba el equipo de protección personal adecuado (máscara, bata, guantes, protección para los ojos)
3. No ha viajado a áreas de alto riesgo de contagio de COVID-19 en los últimos 7 días

---

### Qué hacer si respondió "sí" a alguna de las preguntas anteriores o tiene una temperatura superior a 100 grados Fahrenheit:

**PACIENTE:** notifique a la clínica adecuada, infórmeles que tiene una temperatura elevada o que ha respondido "sí" a cualquiera de las preguntas anteriores, y re programe su cita.

**ESTUDIANTE:** notifique a su facultad o al director del programa y luego llame a la línea directa COVID-19 de UT Health San Antonio al 210-450-8000 para obtener instrucciones sobre los próximos pasos.

**EMPLEADO:** Llame a la línea directa COVID-19 de UT Health San Antonio al 210-450-8000 para obtener instrucciones sobre los próximos pasos.

**VISITANTE:** Notifique a la persona que visitará en el campus, infórmele que tiene una temperatura elevada o que ha respondido "sí" a cualquiera de las preguntas anteriores, y re programe su cita. Haga una consulta con su proveedor médico de atención primaria.
