

## LIST OF FIGURES

	Page
Figure 1	Ameloblast Differentiation During Amelogenesis..... 2
Figure 2	Diagram of Enamel Defects..... 5
Figure 3	Schematic Diagram of Enamel Biomineralization..... 7
Figure 4	Experimental Groups..... 11
Figure 5	Schematic Showing Gene Inactivation with an Insertion Vector..... 13
Figure 6	Schematic of the Skyscan 1172 Micro-Computed Tomography Unit..... 17
Figure 7	Evaluating the Enamel of Murine Mandibular Incisors..... 19
Figure 8	Isolation of the Enamel..... 20
Figure 9	Sagittal and Trans-Axial Images of the WT Hemi-Mandible..... 23
Figure 10	Sagittal and Trans-Axial Images of the <i>Ambn</i> <sup>+/-</sup> Hemi-Mandible..... 24
Figure 11	Sagittal and Trans-Axial Images of the <i>AmelX</i> <sup>+/-</sup> Hemi-Mandible..... 25
Figure 12	Sagittal and Trans-Axial Images of the <i>Enam</i> <sup>+/-</sup> Hemi-Mandible..... 27
Figure 13	Sagittal and Trans-Axial Images of the <i>AmelX</i> <sup>-/-</sup> Hemi-Mandible..... 28
Figure 14	Sagittal and Trans-Axial Images of the <i>Enam</i> <sup>-/-</sup> Hemi-Mandible..... 29
Figure 15	Sagittal and Trans-Axial Images of the <i>Ambn</i> <sup>Mut</sup> Hemi-Mandible..... 30
Figure 16	Sagittal and Trans-Axial Images of the <i>Ambn</i> <sup>-/-</sup> Hemi-Mandible..... 31
Figure 17	Standard Curve for Hydroxyapatite Phantoms..... 33
Figure 18	Line Graph Comparing Enamel Mineral Density..... 35
Figure 19	Line Graph Comparing Percent Difference in Enamel Mineral Density..... 36
Figure 20	Line Graph Comparing Enamel Mineral Volume..... 38
