

Long School of Medicine Student Organizations

Organization Name	About Organization	Contact Name	Contact Email
Access Care Texas	Access Care TX is devoted to promoting health insurance literacy through our smartphone app, SA Access. We strive to spread the awareness of health literacy and to help make the daunting process of enrolling for health insurance easier through the app.	Melanie Stone	stonem@uthscsa.edu
Addiction Medicine Interest Group	The Addiction Medicine Interest Group is a non-profit organization established for the purpose of championing humane and supportive management of pharmacological addiction as well as pioneering progressive, forward-looking methods of treatment.	Nicole Wrigley	wrigley@livemail.uthscsa.edu
Aerospace Medicine Interest Group	Generate Interest in Aerospace Medicine, Promote Interprofessionalism among members across the Schools of Health Professions, Introduce others to this field and its relation to medicine, and Provide Resources related to Aerospace Medicine for interested members	Eric Chan	chane1@livemail.uthscsa.edu
American Association of Neurological Surgeons	The Mission of American Association of Neurological Surgery (AANS) Medical Student Chapter at UT Health is to provide early support and leadership training to medical students exploring a career in neurosurgery. The AANS Medical Student Chapter will provide a forum for students to organize professional, educational, and research activities, promote mentorship, and facilitate participation at a national level for the next generation of neurosurgical leaders.	Sarath Pathuri	pathuri@livemail.uthscsa.edu
American Medical Women's Association	The objectives of the American Medical Women's Association (AMWA) are to bring together women medical students and physicians; to promote their education and training; to educate them and the public on women's health issues; to encourage women in the study and practice of medicine; to ensure them equal opportunity to do so; to cooperate with other organizations having comparable interests; and to support service to the community.	Danielle Wood	woodd3@livemail.uthscsa.edu
Anesthesiology Interest Group	AIG is a non-profit organization established for the purpose of promoting career development and interest in Anesthesiology.	Daniel Zhong	zhongd@livemail.uthscsa.edu
Asian Pacific American Medical Student Association	We are an organization of Asian and Pacific Islander American (APIA) medical students committed to addressing the unique health challenges of APIA communities through education, outreach, advocacy, and service.	Sana Suhail	suhail@livemail.uthscsa.edu

Organization Name	About Organization	Contact Name	Contact Email
Association of Women Surgeons	<p>The Association of Women Surgeons is dedicated to the mission of inspiring and supporting women in all stages of medical training and to inspire, encourage, and enable female surgeons to achieve their personal and professional goals. To that end, the establishment of student chapters at medical schools both within the United States and abroad will facilitate the success of aspiring women surgeons by 1) highlighting practicing role models at local institutions and within the community, 2) providing networking and mentorship opportunities with surgeons and surgical residents, and 3) providing a forum for open discussion and collaboration on strategies related to professional development and the challenges woman surgeons face. Ultimately, this unique focus will provide opportunities in which personal and professional interests, concerns and common experiences can effectively be addressed.</p>	Jessica Zapien	zapien@livemail.uthscsa.edu
Auscultations	<p>Following the death of George Floyd and the subsequent civil unrest in the summer of 2020, many students within the Long community were having conversations about what systemic racism looks like on our campus and in our city and how to evaluate our relationships to race, privilege, and biases. Some students have questions, and others have stories that need telling. We know that each member of our campus community interacts with racism, classism, and all other types of bias and discrimination in a unique way. These experiences are often unseen and unheard by those of us who are not experiencing it directly, so the mission of Auscultations is to amplify the voices of minorities* in our healthcare community through storytelling and reflective listening. Through semester-ly storytelling sessions, we strive to facilitate a safe, student-led space for sharing, honesty, and awareness that validates historically marginalized voices to promote empathy and challenge the status quo. *Minority may be defined by age, sex, race, ethnicity, nationality, disability, neuro-diversity, gender identity and expression, sexual orientation, religion, or creed.</p>	Michaela Lee	leem14@livemail.uthscsa.edu
Brace & Bandage	<p>Brace & Bandage: Bystander First Aid (B&B) is a non-profit organization established for the purpose of teaching immediate bystanders how to respond in the case of a casualty via bleeding control and fracture stabilization techniques.</p>	David Momtaz	momtaz@livemail.uthscsa.edu

Organization Name	About Organization	Contact Name	Contact Email
Cardiology Student Interest Group	Provide medical students at UT Health San Antonio with career counseling and development opportunities such as shadowing, networking, guest speakers, research opportunities, and other pertinent information in the field of cardiology. Organize and run community service activities in order to give back to the San Antonio community, and to promote cardiovascular health in the community. To meet and discuss current events in the field of cardiology.	Karen Liu	liuk1@livemail.uthscsa.edu
Cardiothoracic Surgery Interest Group	The Cardiothoracic Surgery Interest Group at the UT Health Long School of Medicine is dedicated to providing information and opportunities for medical students interested in cardiac and general thoracic surgery. The goal of the interest group is to facilitate engagement of students with the department and foster interest in medical students who may lack exposure to cardiothoracic surgery. Throughout the year, we invite faculty members and residents from the Department of Cardiothoracic Surgery to engage in events at the School of Medicine that help enrich the educational experiences of the students.	Victoria Hart	hartv@livemail.uthscsa.edu
Catholic Medical Student Association	CMSA is a student-run group which encourages medical students of the Catholic faith to grow in community and in their knowledge of the faith for the purpose of applying the faith to their lives and practice of medicine. Students who are not Catholic or religious are also very welcome to join, particularly if they are interested in learning more about what Catholics believe. Members will find opportunities for education via regular meetings, book discussions, and local Catholic lectures. Community outreach and service opportunities will be offered in collaboration with the UT Health Science Center as well as local churches. There will also be opportunities for fellowship and worship with weekly Bible studies, weekend mass attendance, and meals shared during liturgical feast and celebration days.	Danielle Wood	woodd3@livemail.uthscsa.edu
Christian Medical & Dental Association	Motivating, equipping, and encouraging students at UT Health San Antonio to practice faith in God in their personal and professional lives through community and service.	Amanda Wilson	wilsona1@livemail.uthscsa.edu
Community Health Emergency Preparedness Squad	CHEPS is intended to be a Long School of Medicine student organization intended to promote and teach hands only CPR and Stop the Bleed to the San Antonio public.	Courtlyn Reynolds	reynoldsc1@livemail.uthscsa.edu

Organization Name	About Organization	Contact Name	Contact Email
Dermatology Interest Group	Inform the student body of opportunities in Dermatology. Establish connections between medical professionals and students. Promote Dermatology as a career choice. Offer students interests in Dermatology the opportunity to serve the community through student run skin clinics.	Felix Nguyen	nguyent47@livemail.uthscsa.edu
Discussions in Medical Ethics	DIME is a non-profit organization established for the purpose of promoting the discussion of how medical students should act as members of the medical profession and issues that will arise as part of our education and future careers. Furthermore, our organization strives to celebrate diversity of thought and practice and to help health profession students strive to understand both themselves and their roles within the medical field.	Nikita Jhangiani	jhangiani@livemail.uthscsa.edu
Emergency Medicine Student Association	The Emergency Medicine Student Association (EMSA) is an organization for students hoping to pursue a career in emergency medicine. By fostering an enthusiasm for emergency medicine, we at EMSA aim to provide key resources and unique opportunities to help students achieve their goals as future physicians.	Justin Rowe	rowej1@livemail.uthscsa.edu
Endocrinology Student Interest Group	ESIG is a non-profit organization established for the purpose of promoting and educating students about the specialty of Endocrinology.	Natalya Ponomareva	ponomarevan@livemail.uthscsa.edu
Family Medicine Interest Group	FMIG is a non-profit organization established for the purpose of promoting the specialty of Family Medicine.	Marco Flores	floresm27@uthscsa.edu
Geriatrics & Palliative Care Student Interest Group	This Interest Group is student-organized and tasked with creating enriching opportunities in the fields of Geriatrics and Palliative Care for members of the UTHSA community. Our activities provide pre-clinical exposure to important topics in geriatrics and palliative care, as well as sensitive issues surrounding end-of-life care for the young and old. The group's keystone project, Two's Company, features a partnership with University Hospital which allows students to interact with hospital patients virtually during the COVID-19 pandemic.	Anna Perhach	perhach@livemail.uthscsa.edu
Gold Humanism Honor	The mission of the Gold Humanism Honor Society (GHHS) is to recognize individuals who are exemplars of humanistic patient care to serve as role models, mentors, and leaders in medicine. Membership goes beyond induction into an honor society; members have a responsibility to model, support, and advocate for compassionate, patient-centered care throughout their careers. Members are nominated by classmates and faculty and inducted in their fourth year of medical school.	Dallin Busby	busbyd@livemail.uthscsa.edu

Organization Name	About Organization	Contact Name	Contact Email
Internal Medicine Student Interest Group	The mission of the Internal Medicine Student Interest Group is to inform the student body of opportunities in internal medicine, establish connections between medical professionals and the student body, promote Internal Medicine as a career choice and find solutions to questions and concerns among the student body regarding Internal Medicine.	Anaya Shah	shaha1@livemail.uthscsa.edu
Jewish Student Association	The purpose of the Jewish Student Association (JSA) is to provide its members various resources regarding Judaism and the Jewish community in San Antonio, as well as organized interactions such as Shabbat dinners and events relating to the myriad Jewish holidays. Additionally, JSA aims to foster an environment where individuals feel comfortable expressing their Judaism (regardless of their level of observance) which simultaneously acts as an outlet in which Jewish individuals can meet others of the same faith.	Matan Brickman	brickmanm@livemail.uthscsa.edu
Latino Medical Student Association	LMSA is a non-profit organization established for the purpose of promoting Latino culture, professionalism, leadership, fellowship, and networking.	Sofia "Ares" Muzquiz	muzquiza@livemail.uthscsa.edu
Medical Student Council	(1) To advocate for the interests of our medical school peers. (2) To form official opinions on behalf of the student body regarding administrative policies. (3) To accurately and independently represent the student body in its interactions with the University. (4) To promote communication, cooperation, and understanding between the students, faculty, and administration.	Dr. Paulina Mazurek, Faculty Advisor	mazurek@uthscsa.edu
Middle Eastern Student Association	Reach out to this student to discuss Middle Eastern life as a medical student and in San Antonio.	Yousef Salem	salemy@livemail.uthscsa.edu
Medical Student Journal Club	MSJC is a student led effort to increase scientific inquiry and competency within the medical school. The MSJC will be conducting virtual meetings to read, outline, and discuss the most prolific clinical publications. Students are encouraged to dissect and critique publications, enhancing their critical thinking skills and familiarizing them with the skills necessary to produce high quality literature. We will also aim to encourage minorities and those underrepresented in medical research to partake in our meetings, thereby enhancing diversity in research.	David Momtaz	momtaz@livemail.uthscsa.edu

Organization Name	About Organization	Contact Name	Contact Email
Muslim Medical Student Association	The purpose of the Muslim Medical Students Association (MMSA) is to foster an environment where students at UTHSCSA feel comfortable and represented in their Muslim identity regardless of their level of observance. MMSA will organize student interactions to promote unity and for students to meet others of the same faith. Additionally, MMSA will work to cultivate mentorship amongst its members and with physicians, as well as connect with the greater Muslim community in UTHSCSA and in San Antonio. MMSA will also work with UTHSCSA to enhance diversity and inclusion initiatives such as representation at campus events, outreach, and accommodations.	Zuha Alam	alamz@livemail.uthscsa.edu
Non-Traditional Medical Students	NTMS is an organization with the purpose of: -Helping incoming non-traditional medical students transition into medical school -Providing a resource for interested non-traditional premeds -Creating a community of Non-Traditional medical students	Jessica Zapien	zapien@livemail.uthscsa.edu
Obstetrics/Gynecology Student Interest Group	The purpose of this organization shall be as follows: a. To promote medical student interest in OB/GYN b. To provide community service c. To help provide opportunities for mentorship with faculty and residents within OB/GYN d. To give students exposure to the depth and breadth of OB/GYN as a career.	Cameron Walker	walkercc@livemail.uthscsa.edu
Oncology Student Interest Group	To provide education and support for students interested in learning more about the different fields within Oncology, namely Medical Oncology, Hematology & Oncology, Surgical Oncology, Radiation Oncology and Pediatric Hematology & Oncology.	Druv Patel	pateld12@livemail.uthscsa.edu
Ophthalmology Interest Group	The Ophthalmology Interest Group aims to cultivate interest in the field of ophthalmology by providing medical students with opportunities to engage in research, shadowing, volunteering, as well as chances to meet and interact with guest lecturers from the community.	Yousef Salem	salemy@livemail.uthscsa.edu
Otolaryngology Interest Group	The purpose of the Otolaryngology Head & Neck Surgery Interest Group is to work with the formal authorities of the UTHSCSA to foster an environment of understanding and open-mindedness of the student members through education and discussion of topics pertinent to current ear, nose, and throat surgery; and serve as a central organization for student interactions with faculty and other surgeons that are a part of the ENT community.	Abigail Johnson	johnsona22@livemail.uthscsa.edu

Organization Name	About Organization	Contact Name	Contact Email
Pediatrics Interest Group	The Pediatrics Interest Group is designed to support students interested in a career in pediatrics or working with a pediatric population. We fulfill this mission by having meetings where pediatricians come speak and various volunteering opportunities.	Elizabeth Bradshaw	bradshawe@livemail.uthscsa.edu
Physical Medicine and Rehabilitation Interest Group	The Physical Medicine and Rehabilitation Interest Group is an organization comprised of all years of medical students interested in the PM&R field. We hold informational panels with doctors and residents, hands-on workshops, and other events to help students understand the opportunities of the field. Students will gain a better understanding of PM&R and have options to network and shadow with PM&R physicians.	Momin Hussain	Hussainm@livemail.uthscsa.edu
Physicians for Human Rights	The UTHSA Chapter of PHR is an organization devoted to creating advocacy minded, informed future health care professionals and providing advocacy opportunities for UTHSA students and faculty.	Arlynn Ambriz	ambriza@livemail.uthscsa.edu
Plastic and Reconstructive Surgery Interest Group	This organization will provide a network of students, residents and faculty to allow the opportunity to learn more about Plastic and Reconstructive Surgery to any interested student, prior to the clinical years. This organization will provide ways to get involved with the community and to have more exposure and clear any misconceptions about the field. This organization will provide to any student interested a way to keep themselves informed of plastic surgery residency programs, research and news related to the field.	Nikita Jhangiani	jhangiani@livemail.uthscsa.edu
PRIDE	PRIDE is a multidisciplinary student organization composed of current and future health providers at the UT Health Center San Antonio. Through community outreach, advocacy, health education, and research we aim to bring equitable healthcare to medically under-served gender and sexual minorities, including lesbian, gay, bisexual, transgender, and queer (LGBTQ+) persons in the San Antonio area. We believe that all people including the LGBTQ+ community deserve access to fair and comprehensive healthcare.	Rachael Cundey	cundey@livemail.uthscsa.edu
Psychiatry Student Interest Group	Promoting psychiatry and helping raise awareness for mental health. Meetings are held on a monthly basis	Adrianna Lam	lama1@livemail.uthscsa.edu

Organization Name	About Organization	Contact Name	Contact Email
Public Health & Infectious Disease Interest Group	PHIDIG is a non-profit organization established for the purpose of providing UTHSCSA students opportunities to learn about the fields of Public Health and Infectious Disease, including hosting activities that allow students to interact with residents and faculty and to explore their interest and provide volunteer opportunities to UTHSCSA students inside these fields.	Moses Alfaro	alfarom@livemail.uthscsa.edu
Radiology Interest Group	Inform student body of shadowing opportunities in Radiology. Integrate radiology curriculum in partnership with UTHSCSA Anatomy faculty. Establish connections between medical professions and the student body. Promote Radiology as a career choice	Jacob Seiber	Seiber@livemail.uthscsa.edu
Rockwood Orthopaedic Society	Our organization is committed to building interest in the field of orthopedics. We strive to host exciting events for members and allow students the opportunity to interact with faculty and physicians in this field. By providing research opportunities and a direct contact to physicians in this field we can help students continue to pursue their interest in orthopedics. We also want to be able to give back to the community through events locally that help the entire San Antonio area.	David Momtaz	momtaz@livemail.uthscsa.edu
ScribeMD	ScribeMD is a non-profit organization established for the purpose of promoting connectedness within classes of medical students via the reflective process of writing and sharing of experiences through weekly writing prompts in an intra-class PenPal program.	Joyce Varughese	varughesej1@livemail.uthscsa.edu
South Asian Medical Student Association	SAMSA is an organization that aims to unify South Asian medical students across the United States. As a chapter, we hope to increase interest in and raise awareness of healthcare issues affecting South Asian communities locally and globally and to share the rich South Asian Culture with our peers at the Long School of Medicine. SAMSA strives to establish relationships with physicians to gain valuable mentorship, collaborate with other student groups to hold community-building events, and organize social and academic events for students to learn about South Asian culture and health concerns. All students who are interested in learning about South Asian culture through a medical lens are welcome to join.	Harinandan Sainath	sainath@livemail.uthscsa.edu

Organization Name	About Organization	Contact Name	Contact Email
Street Medicine Interest Group	This Organization shall be guided by the following general principles: 1. To promote the dissemination of information relative to street medicine and care of people experiencing homelessness; 2. To explore and possibly resolve the unique challenges, obstacles, and responsibilities specific to homeless populations in San Antonio; 3. To provide service opportunities for UT Health San Antonio students to give back to their community through service. 4. To provide a forum for discussion of issues concerning people experiencing homelessness. 5. To provide mentorship opportunities between students and faculty interested in working with the underserved.	Xav Quach	quache@livemail.uthscsa.edu
Student Interest Group in Neurology	The UTHSCSA SIGN Club serves to provide UTHSCSA students opportunities to learn about and experience the fields of Neurology. Membership in SIGN has many benefits including free AAN membership and being eligible for the AAN sponsored scholarships.	Abigail Connor	connora1@livemail.uthscsa.edu
Student National Medical Association	Student National Medical Association (SNMA) is committed to supporting current and future underrepresented minority medical students, addressing the needs of underserved communities, and increasing the number of clinically excellent, culturally competent and socially conscious physicians.	Daniel Nyancho	nyancho@livemail.uthscsa.edu
Student Pathology Association	Student Pathology Association (SPA) is a medical student-led group that focuses on promoting the appreciation of the medical specialty of Pathology. Its goal is to give interested students enrichment opportunities through general meetings in which they can learn about the field, facilitating interactions with faculty, and shadowing opportunities.	Austin Todd	todda1@livemail.uthscsa.edu
Student Surgical Society	The UTHSCSA Student Surgical Society serves to provide UTHSCSA students opportunities to learn about and experience the fields of general surgery and its subspecialties. Throughout the course of the year we will be coordinating various activities that allow students to interact with residents and faculty in general surgery and to explore their interest in the specialties. Activities shall include, but are not limited to invited guest speakers, skills workshops, social events, and panels with senior medical students and residents. The Student Surgical Society leadership shall work cooperatively and collaboratively with the faculty members of the Department of Surgery to achieve these goals.	Reid Yanney	yanney@livemail.uthscsa.edu

Organization Name	About Organization	Contact Name	Contact Email
Swing Dance Society	UTHSA Swing Dance society is a club dedicated to promoting Swing era (1920's) music and dancing to the students, faculty, and staff of UTHSCSA. Partnering closely with the San Antonio Swing Dance Society, we bring the classes, music, and history of Lindy Hop, Charleston, Shag, Balboa, and East-Coast to the UTHSA community.	Benjamin Johnson	johnsonb1@livemail.uthscsa.edu
Students for Life at UT Health San Antonio	Students for Life at UT HSA exists to advocate for the compassionate care of the unborn and their mothers.	Claudia Mendiola	mendiola2@livemail.uthscsa.edu
TMA/AMA/BMCS	The purposes of the Medical Student Section are to (1) participate in the shaping of the future of medicine in Texas by active involvement in the affairs of the various Texas county medical societies, the Texas Medical Association, and the American Medical Association; (2) foster dialogue between individuals and organizations within medicine; (3) promote and aid in programs which may serve to unify and give direction to health-related activities at all levels of education; and (4) provide a good and useful service to the medical students in Texas.	Rishi Gonuguntla	gonuguntla@livemail.uthscsa.edu
Transplant Surgery Interest Group	The purpose of this organization is to establish a student Interest Group at the Long School of Medicine (LSOM) for Transplant surgery that works together towards the goal of exposure and involvement in transplant surgery. We want to promote interest in the field of transplant surgery by serving as a resource for students to coordinate shadowing with transplant surgeons at LSOM.	Angelica Iliana Garcia	garcia72@livemail.uthscsa.edu
Two's Company	Two's Company is a non-profit volunteer organization established during the COVID-19 pandemic for the purpose of connecting volunteers with patients through video calls.	Linh Pham	phaml4@livemail.uthscsa.edu
Ultrasound Student Interest Group	This is an organization to give students additional experience performing and reading ultrasounds. The Organization hosts events for fellow students to gain additional hands-on time with the machines and test their knowledge. These events can range from intramural competitions to simply practice sessions. COVID restrictions may limit the in-person experience, but we are still capable of testing and furthering fellow student knowledge. The organization also has the capacity to run various charity events at the org's discretion.	Israel Rodriguez	rodriguez7@livemail.uthscsa.edu
Urology Interest Group	The purpose of the organization is to promote student interest and engagement in Urology.	Roma Ahuja	ahujar@livemail.uthscsa.edu

Organization Name	About Organization	Contact Name	Contact Email
UT Health Green Society	<p>UT Health Green Society promotes green initiatives and healthy living education for the communities of San Antonio, TX. With the increasing prevalence of largely preventable diseases such as obesity and type II diabetes within Bexar County, there is a greater need to educate community members about proper nutrition and healthy living. We plan to address this need by partnering with Gardopia Gardens to establish a campus community garden at UT Health San Antonio. This garden will be primarily under the care of UTHSCSA Green Society members to eventually distribute fresh produce to the community. The UT Health Green Society also plans on visiting primary schools to educate students on how to establish their own community gardens as well as discuss nutrition and exercise. Additionally, we would like to host events for the UT Health community that would focus on a wide variety of topics ranging from green living to starting your own garden at home. Lastly, since we plan to partner with Gardopia, we want to encourage students to volunteer with the non-profit organization, which entails maintaining the Gardopia Garden in East San Antonio, facilitating courses hosted by Gardopia, and hosting a booth at local farmers markets. Overall the goal of UT Health Green Society is to make lasting changes towards healthy living and sustainability in San Antonio.</p>	Vyas Sarabu	sarabu@livemail.uthscsa.edu
UT Health San Antonio Lifting Club	<p>(1) Form community of powerlifters/weightlifters within the graduate schools of UTHSCSA (2) Have community engagement/volunteering and work with existing San Antonio powerlifting associations (3) Promote fitness within UTHealth and the surrounding San Antonio community (4) Host events to demonstrate proper lifting form and strategies (5) Bring awareness to sports related injuries and how to prevent and recover from them (6) Present findings/research and community engagements at conferences (7) Compete in competitions</p>	Andrew Ni	ni@livemail.uthscsa.edu
Value Based Health Care Student Organization	<p>VBHC is a non-profit organization established for the purpose of learning and promoting the values and principles of value based health care. This will be done by promoting utilization of value based healthcare principles in clinical practice and encouraging participation in community affairs and activities towards improved health care. We lead the Value Based Healthcare Elective 5058.</p>	Anna Perhach	perhach@livemail.uthscsa.edu

Organization Name	About Organization	Contact Name	Contact Email
Vascular Surgery Interest Group	The UTHSCSA Vascular Surgery Interest Group (VSIG) seeks to promote awareness of vascular surgery among medical students and to provide meaningful exposure to the field through research, education, shadowing, mentorship, and community-outreach opportunities. The UTHSCSA VSIG is one of only 17 vascular surgery interest groups in the United States that is officially recognized by the Society for Vascular Surgery.	Meghna Pinnaka	pinnaka@livemail.uthscsa.edu
Wellness Matters	Wellness Matters is a non-profit organization established for the purpose of promoting the eight dimensions of wellness among members of the Long School of Medicine community.	Sophia Koo	koos1@livemail.uthscsa.edu
Wilderness Medicine Student Interest Group	Wilderness Medicine Student Interest Group (WMSIG) is a club for students that are passionate about the outdoors and want to learn to better manage medical problems in a wilderness setting. Wilderness medicine is focused on understanding and minimizing risks in outdoor excursions, stabilizing patients before definitive medical care is available, and evacuation techniques. WMSIG goes on weekend trips, holds monthly talks aimed towards wilderness medicine, and events to explore and practice various Wilderness Medicine topics.	Dean Slocum	slocumd@livemail.uthscsa.edu
Women's Health Advocates	Creating tomorrow's abortion providers and pro-choice physicians to inform the public about reproductive health and rights	Alina Sonesra	sonesra@livemail.uthscsa.edu
