

# Superheros Protect Their Community From the Virus by Social Distancing

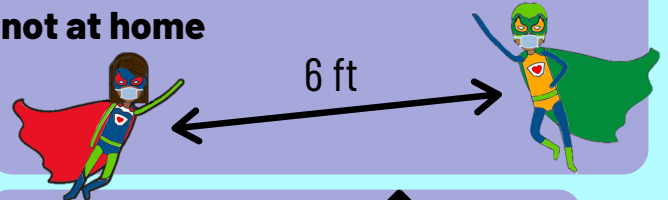

**SOCIAL DISTANCING IS KEEPING THREE ARMS LENGTH (6FT OR MORE) BETWEEN YOU AND OTHERS SO EVERYONE KEEPS THEIR GERMS TO THEMSELVES (BEING SOCIAL AT A DISTANCE)**

**NO VACCINE FOR COVID-19, MEANS DISTANCING IS OUR BEST WAY TO KEEP EVERYONE FROM GETTING SICK AT THE SAME TIME. THAT WAY THERE ARE ENOUGH DOCTORS, NURSES, AND BEDS FOR EVERYONE WHO MIGHT NEED ONE**

## SUPER STELLA PROTECTS HER COMMUNITY BY...

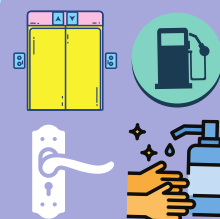

**Staying 6 ft away from others when not at home**

**Staying home as much as possible**

**Going grocery shopping only when absolutely necessary**

**Wearing a mask in public**

**Washing / Sanitizing hands after touching something other people have touched**

**Connecting with friends virtually**

**Being active indoors or safely outdoors**

**(6 feet apart from others)**

**Super Stella can't do this alone!  
Be a hero and save lives by  
social distancing!**
